ABOUT THE WINE

Our intention with this wine, was to produce an easy summer sipper, something for people visiting our desert beach town to enjoy as a refreshment on the patio or beach.

In 2021, the winning blend was 53% Sauvignon Blanc, 16% Pinot Gris, 31% un-oaked Chardonnay: the perfect zippy, refreshing wine perfect for the beach!

Each varietal was fermented low and slow in stainless steel separately to preserve as much lively acidity and fresh fruit character as possible.

Expect a zippy, refreshing sipper, perfect in the heat of summer!

TASTING NOTES:

Red apple, nectarines, and heaps of orange blossoms welcome the nose with hints of pink grapefruit and apricot. A bowlful of stonefruit on the palate with pineapple, pear, and lemon pulp: Light, versatile, refreshing in the long days of summer.
